

XLT SUPREME

Douglass King Seeds

Douglass King has been in business since 1912. With over 90 years of experience, we credit our success to quality products, honesty, great prices, and a knowledgeable sales staff. We realize that our customers are the key to our success and we will go above and beyond to ensure that you are happy with our products. Call our offices with any questions or for quotes.

Winter Seeding Putting Greens

- 20 lbs per 1000 square feet
- Before overseeding, close-mowing and verti-cutting in several directions is suggested
- Top-dressing of 1/8" is very desirable, followed by light raking and rolling

XLT SUPREME Ryegrass is a superior grade of ryegrass seed for any and all your customers' turf needs. This high quality, dark green and attractive ryegrass was developed in Oregon - the grass capital of the world.

XLT SUPREME Ryegrass users can be guaranteed that this will be an effective turf anywhere they currently use ryegrass. It consists of 70% perennial ryegrass, 20% Ambrosia Chewings Fescue, and 10% SunUp Poa Trivialis.

XLT SUPREME Ryegrass germinates quickly (7-10 days). It responds well to normal fertilizing and watering practices. As with other ryegrasses, XLT Supreme does well at different heights, from 3/16" up to 1.5" high depending on use. XLT Supreme offers an smooth, durable, and attractive sod that is resilient and able to withstand wear and tear from constant use. It develops a strong, dense sod that is highly resistant to disease and insect damage. Its shade tolerance is just short of phenomenal and it retains excellent color. This blend is nothing short of exceptional and comes highly recommended!

University trials at University of Florida, Mississippi State, Arizona, Texas A&M and California College of the Dessert, have shown that the major components of XLT Supreme holds its color through high and low temperatures and winters over well.

Applications include: Golf Courses, Parks, Sport Fields, Play Grounds or anywhere a high-quality, wear resistant winter turf is required.
